Mandatory Fields

Previous Next | [Direct link to this topic](#)

Mandatory fields allow you to define items that are mandatory for any window in SAP Business One. This can be done at header and/or column level.

[Online E-Learning is also available for this module. Click here to watch it](#) | [Online Help Center](#)

Right-click configuration™

To quickly get going go to the window you wish to make something mandatory, right-click it and choose Make this field / column mandatory.

Alternative you can go to: Administration > Add-Ons > B1 Usability Package > Module Configuration > Mandatory Fields: Configuration.
