The Mass Update Lines makes it possible to update several lines on a document at the same time.

Mass line updates does at present time only work on the following forms.

- Sales quotations
- Sales order
- Purchase request
- Purchase quotations
- Purchase order

To access the mass line updated right click on a one of these windows, and chose the Mass update lines.

- Boyum IT: Copy system information
- Mass update lines

After clicking the Menu the following window is shown and you can choose which of the documents open lines you want to update.

[illegible]

the following kinds of updates can be done.

- Close lines
