Tab Wizard

[\[See a video of the features\]](#)

Tab Wizard allows you to easily create, edit and remove user created tabs on supported windows in SAP.

NOTICE: TAB WIZARD IS A PART OF THE ITEM PLACEMENT TOOL AND NEEDS THIS MODULE TO FUNCTION.

Right-click configuration™

To get started, go to the window you wish to add a tab to - Right-click and choose 'Create new tab'.

The screenshot shows a window titled 'Business Partner Master Data'. On the right side, a context menu is open with the following items: 'Go', 'B1 Usability Package', 'Add B1 Validation configuration', and 'Create new tab'. The 'Create new tab' option is highlighted in yellow.

You can then Choose to Create a Custom Tab or a SQL Report tab

The screenshot shows a 'System Message' dialog box with the title bar 'System Message'. Inside, it says 'Choose type of tab to Add'. There are two buttons: 'Custom Tab' and 'SQL Report'. The 'Custom Tab' button is highlighted in yellow.
