Use Hide from List System

[\[See a video of the feature\]](#)

This option allows you to hide certain business partners from all lists that show business partners. This is very helpful if you have business partners who are inactive.

NB: NO ENTRIES WILL EVER BE FILTERED FROM THE MASTER DATA WINDOW, ONLY ALL OTHER WINDOWS.

NB: EVEN IF THE ENTRIES CAN BE HIDDEN FROM LISTS, THEY WILL NOT BE HIDDEN FROM REPORTS THAT USE FROM/TO CODES, GROUPS OR PROPERTIES
