

Use Hide from List System

This option allows you the functionality to hide certain items from all lists that show items. This is very helpful if you have items that are inactive and should not be selected. Works the same as the Hide from List System in Business partner tab.

**NB: NO ENTRIES WILL EVER BE FILTERED FROM THE MASTER DATA WINDOW. ONLY ALL OTHER WINDOWS.**

**NB: EVEN IF THE ENTRIES CAN BE HIDDEN FROM LISTS, THEY WILL NOT BE HIDDEN FROM REPORTS THAT USE FROM TO LOGOS, GROUPS OR PROPERTIES**
