Allow line search of all sales and purchase documents.

Item No.	Item Description	Quantity	Unit Price	Total Price
1 100002	AS PC-to-Mac Transfer Kit	5	15.78 \$	78.90 \$
2 100003	Re-Use One 30-Pack	4	3.28 \$	13.12 \$
3 100003	PC Set 1	3	3,040.00 \$	9,120.00 \$

In documents you can search on most common columns, for example - you can search for an Item Description in a Sales Order.

As default line search is applied to all predefined forms. If you rather prefer to have it on only certain forms, you can click the button to the right of the checkbox and choose for which formtypes there should have line search.

Title	Additional columns to search in
☒ Sales Quotation	15
☒ Sales Order	
☒ Delivery	
☒ Return	
☒ A/R Invoice	
☒ A/R Invoice + Payment	
☒ A/R Credit Memo	
☒ A/R Reserve Invoice	
☒ A/R Down Payment Invoice	

You can also decide add additional columns to search in by telling the id's of the different columns you want to search.

To define the additional columns to search in you need to write a comma-separated string, containing the column id's of the search columns. If no search columns is defined default columns is used.

NB: On documents, you can only add additional search columns for item lines.

NB: you cannot add additional search columns for the pick and pack manager.
